Bolton Business Environment Network

5 Year Guarantee
Imperial Office Furniture is committed to providing exceptional service, manufacturing quality products with a comprehensive 5 year guarantee.

INTRODUCTION

Imperial have always been renowned for the impeccable quality of their office furniture, both in choice of materials and the superior, solid construction which is a prerequisite for this contract furniture range launched late in 1999.

This popular range consists of a cantilever desking system, panel ended desking, luxurious boardroom furniture and an array of multi-purpose utility units. A range clearly designed to offer you a flexible, multifunctional choice for any business practice.

This radial workstation configuration is one of many which can be achieved using this design of desking and featuring practical user-friendly surfaces.

SIRIUS

odyssey, boardroom & multi-purpose tables

Sirius is a cantilever desking system with the flexibility to accommodate the multifunctional requirements of the modern day office.

Various desking configurations can be achieved using radial workstations. Radial end units offer storage solutions as well as additional work space.

120 degree segment workstations arranged as three-way clusters can become clusters of six when additional working areas are required.

Sirius desking can incorporate cable management with the use of cable trays and 'clip on' cable risers. Desk high Sirius bookcases compliment the workstation and offer a 2-level storage facility.

Available in Silver and Grey trim with a choice of 13 board finishes. Wave workstations and tall mobile pedestals remain one of the most popular desking configurations. Polaris XT tool rail screens from the Divide range provide privacy and, with the addition of screen mounted accessories, give the user total functionality.

Odyssey panel end desking offers a more executive appearance.

The radial workstation with D-end is shown here in Santiago Cherry incorporating the stylish yet practical cut back leg. This leg is designed for use when linking desks or adding conference links.

With the option of either Rectangular, Boat shape and D-ended meeting tables, there is the flexibility to create an imposing piece of furniture for any boardroom environment.

Reunion storage offers total compatibility to any Sirius boardroom.

Multi purpose tables are available with an 18mm or 25mm thick top and incorporate a fully welded continuous steel frame for stability.

The configurations are endless for equipping any meeting area.

A selection of storage units have been designed to compliment the Sirius range and are available with 18mm or 25mm tops and 18mm solid back as standard. Filing cabinets are manufactured as 2, 3 and 4 drawer variations. Storage cupboards are available with side

opening or vertical tambour doors, lockable hinged doors or in a basic open format. All units accommodate various shelving accessories to offer total functionality and efficient storage solutions.

Wood finishes available

Walnut Santiago Cherry Japanese Ash Canadian Maple Apple Cherry Oak Calva Oak Beech

Stone Oak Silver Grey White

All products within the Sirius range are available in all 13 Imperial board finishes and incorporate 2mm PVC edging tape. All products manufactured in MFC (Melamine Faced Chipboard) by Imperial Office Furniture have come from FSC certified suppliers.
